**Debtor-in-Possession**  
**Case No. 19-11466 (MFW) (Bankr. D. Del.)**

7/31/2020

Subject: Breach Notification Letter

To Whom it May Concern:

As you may be aware, St. Christopher's Healthcare, LLC, the former owner of St. Christopher's Hospital for Children ("St. Christopher's") filed for bankruptcy in June 2019. In December 2019, St. Christopher's was sold to STC OpCo, LLC, and is operating under new management. On behalf of the bankruptcy estate of the former owner of St. Christopher's, this letter serves to inform you of an incident that occurred before the bankruptcy filing that may have affected the privacy of certain patient protected health information.

On June 2, 2020, the former owner of the hospital was notified that, in May 2019, before the bankruptcy filing, a hospital employee sent an email to a third party that included an attachment inadvertently containing hidden protected health information, including the names, ages, locations of service, dates of service, billing code information and diagnosis codes and descriptions, and limited health insurance information, such as the names of health insurance companies for payment, and names and charge amounts for services provided to certain hospital patients. The information did not include Social Security numbers, addresses or other sensitive financial account information.

It is unclear whether the information on the attachment was actually viewed or accessed by the recipient or whether there was any misuse of the information by the recipient or any other party. Still, out of an abundance of caution, we are providing this notice to you and recommend that you keep a close watch on your bank statements, credit card statements, personal mail and other bills and financial statements for any suspicious or unauthorized activity, which you should report to your bank or credit card companies. To help prevent such an incident from happening again, we have asked the new owner of the hospital to review its policies and procedures for the electronic transmission of individually identifiable health information and it has informed us that it will take additional precautions, as may be necessary.

We apologize for any concern or inconvenience this incident may cause you. Should you have questions, please call 866-771-0559 during business hours.

Sincerely,

Allen Wilen  
Chief Restructuring Officer  
St. Christopher's Healthcare, LLC
